The new school is responsible for collecting this completed form from the parent/guardian and completing the on-line transfer for this student's scholarship. Remember to enter the tuition and attendance in order to receive payment. Note: The program requires that the Enrollment End Date (or withdrawal date) must be the student's actual last day of attendance at the previous school.

This form must be kept on file at the private school to where the student has transferred. The new school is solely responsible for entering all transfers once the student has been accepted and begins to attend the new school. As an option, consider uploading this Program Transfer Request form to the student's online application after completing the transfer process.
