EDUCATING FOR LIFE AND ETERNITY  
SINCE 1919

## Tuition Information 2024 – 2025

The average cost to educate a student at TJA is over \$12000 per year. Because of the commitment of our school and our conference to Christian Education, we can keep tuition rates much lower than the actual cost. We believe our distinctive education is likely one of the lowest you'll find in Lucas County for private education.
